

ADVANCE IN WHEAT.

No. 2 Goes Up Seven Cents From Lowest Point.

Wheat has advanced 7 cents from the lowest point within the past few days, No. 2 being worth \$1.05 on the local market. Flour has also advanced 30 cents per barrel. Nearly all the wheat in this section has been sold, it being estimated that about

90 per cent. of the crop has been disposed of. The advance is general all over the Southern States, where soft wheat is grown.

In the northwest the spring wheat crop is the largest raised for years, and prices for this grade (hard wheat) are declining.

FAIR EXCHANGE

A New Back for an Old One. How it Can be Done in Hopkinsville.

The back aches at times with a dull, undecipherable feeling, making you weary and restless, piercing pains shoot across the region of the kidneys, and the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Hopkinsville residents would do well to profit by the following example:

R. H. Buck, South Franklin street, Madisonville, Ky., says: "Doan's Kidney Pills, in my estimation, are an excellent remedy for kidney complaint and backache. I was never seriously troubled but about nine months ago I was taken with an attack of backache, caused I think by a strain from heavy lifting and was bothered quite a good deal. When I saw Doan's Kidney Pills advertised I decided to give them a trial and procured a box. They proved very satisfactory, removing the trouble in a short time. Later there were symptoms of a recurrence, I again used Doan's Kidney Pills and as before they relieved me promptly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
